AFFIDAVIT

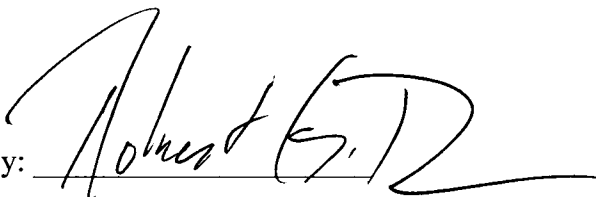

STATE OF GEORGIA

COUNTY OF FULTON

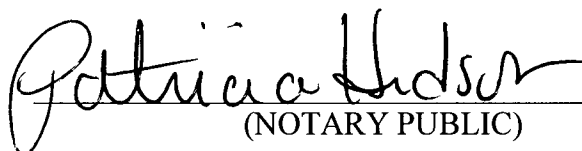

Personally appeared before me, a company representative duly authorized to administer oaths, Robert G. Davis, who, after being duly sworn, deposes and says that he is Regional Director, State Government Affairs for Verizon Corporate Resources LLC, and makes this affidavit on behalf of the MCImetro Access Transmission Services LLC, d/b/a Verizon Access Transmission Services ("Verizon Access") and other Verizon affiliates doing business in the State of South Carolina (collectively, "Verizon").

1. I make this affidavit on the basis of my review of internal Verizon documents and discussions with Verizon employees pertaining to compliance with the requirements of South Carolina Code of Regulations, Chapter 103, Section 607.
2. Chapter 103, Section 607 requires "telephone utilities who provide retail residential local exchange services and who individually or together with their affiliates, have not invested at least five million dollars in telecommunications facilities in the State of South Carolina" to file a "bond or other security mechanism . . . with the commission and the ORS."
3. Verizon Access is a telephone utility that provides retail residential local exchange service in the State of South Carolina.
4. Verizon Access and its affiliates doing business in the State of South Carolina have invested more than \$5 million in telecommunications facilities in the State of South Carolina.
5. Accordingly, Verizon Access is not required to file with the commission and the ORS a bond or other security mechanism.

FURTHER AFFIANT SAITH NOT.
